

Conference 2018

This year, our 10th Annual Toronto Agile Community Conference, is expected to be our largest to date!

The conference will be held **October 30th, 2018** at the Beanfield Centre at Exhibition Place.

We are very excited that Jenn Lim will be the keynote this year!

Jenn Lim is the CEO and CHO (Chief Happiness Officer) of Delivering Happiness (DH), a company she and Tony Hsieh (CEO of Zappos.com) co-founded to inspire science-based happiness, passion and purpose at work, home and in everyday life.

Jenn has been a consultant with Zappos from its start-up days in 2003 to the \$2B business it is today. She created the Zappos Culture Book, an embodiment of how companies can use happiness as a business model to increase productivity and profitability.

Jenn's experience with Zappos, combined with her development of scientific frameworks for workplace happiness, created the evidence that *happier employees = happier customers = successful companies (and meaningful lives)*.

Jenn has traveled to over 30 countries to speak on this equation and most importantly, share the practical ways of HOW this equation works.

Upon the discovery that every organization can have similar results, DH evolved into the culture coach-sulting company it is today...to help businesses, hospitals and governments actualize their own sustainable culture for positive ROI.

Today, Jenn is dedicated to growing DH to inspire people, companies and communities to change *their* world, so together, we can change *the* world.

“Like Purpose – Happiness is a state of mind. Trigger it with: meaningful connections, a sense of control over your decisions, measured and continual progress, and a purpose that’s BIGGER than you.”

– JENN LIM

CEO and Chief Happiness Officer,
Delivering Happiness
