

Open Space 2015

Registration - SOLD OUT!

The Toronto Agile Community is happy to announce the sixth Open Space event to be held at the Metro Hall in downtown Toronto. This is an open space event that provides an opportunity for all participants to share ideas and learn from each other. The open space is a safe place to engage the Agile community with current and diverse topics such as *Selling agile into a waterfall environment*, *Growing collaboration skills*, *Agile Enterprise Roundtable*. These are a few of the many sessions held in previous years.

We invite you to bring your own questions and ideas. Interact with the community in a lively and engaging environment. Come, share, engage and learn.

This year's theme is **The Agile Workplace**.

Why should I come?

- Meet new people and network with other Agile enthusiasts in the GTA
- Get a deeper understanding of Agile
- Engage in a healthy debate about how to be effective with Agile
- Share your experiences to help others, and get insights from the other participants
- Connect with the local Agile community including ScrumMasters, Coaches and Trainers
- Have fun!

How does Open Space work?

Open Space Technology is one way to enable all kinds of people to create inspired meetings and events. In Open Space meetings, participants create and manage their own agenda of parallel working sessions around a central theme of strategic importance.

The common result is a powerful, effective connecting and strengthening of what's already happening in the GTA Agile community. For more information about how Open Space works, go and have a look at [AboutOpenSpace](#). You can also [see photos](#) and [read about last years event](#).
