Open Space 2018

The Toronto Agile Community is excited to announce our ninth annual Open Space.

Open Space Technology enables people to create inspired meetings and events. In Open Space meetings, participants create and manage their own agenda of parallel working sessions around a central theme of strategic importance.

The common result is a powerful, effective connecting and strengthening of what's already happening in the GTA Agile community. For more information about how Open Space works, see [AboutOpenSpace](#).
